Court Decisions.

Also communications from the Law Department addressed to the City Council, signed by Richard F. Friedman, Assistant Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

James L. Arrington et al., Appellants, vs. City of Chicago et al., Appellees. Document No. 42144. The judgment of the Circuit Court of Cook County was affirmed in this cause by the dismissal of the plaintiff's suit for injunction, which sought to restrain enforcement of the provisions of the Illinois Statutes and the ordinance of the City of Chicago prohibiting prison guards from carrying firearms when not on duty. The Court showed that peace officers are permitted to carry firearms at all times because they are on duty 24 hours a day while prison guards are on duty at their place of work. Judgment of the Circuit Court is affirmed.

City of Chicago, Appellee, vs. Dorothy Perez, et al., Appellants. Document No. 39673. Four defendants in this cause were charged with disorderly conduct under Chapter 193-1 of the Municipal Code of Chicago, were found guilty and fined $200.00 each. These convictions were appealed to this Supreme Court which held that while the defendants were guilty of a "sit-in" at the offices of the Cook County Public Aid Office, they were peaceful and quiet. The defendants might have been guilty of criminal trespass but surely not of disorderly conduct. Therefore the judgment of the Circuit Court is reversed.

WHEREAS, Responsible governmental regulation demands a continuing analysis and investigation into the causes of atmospheric pollution, as well as new developments in technology and availability of alternative sources of fuel, which will lower, if not eliminate, the danger of atmospheric contamination; now, therefore,

Court Decisions.

Three communications from the Law Department addressed to the City Council, signed by Marsile J. Hughes and Gayle F. Haglund, Assistants Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

City of Chicago vs. Catherine Coughlin, Supreme Court of Illinois No. 42300. The issue raised in this case was whether petitioner's husband sustained injuries which resulted in his death while in the course of his employment. The Industrial Commission of Illinois ruled that death was a result of injuries sustained while employed which was affirmed by the Circuit Court of Cook County and the Illinois Supreme Court.

City of Chicago vs. Charles Franklin, Illinois Appellate Court No. 59307. On the charge of violation of the Chicago Gun Registration Ordinance, the defendant was convicted and fined. The Illinois Appellate Court in affirming the conviction stated that the evidence adduced was clear and sufficient and that a prima facie case had been well established. Judgment of Circuit Court affirmed.

City of Chicago vs. Richard Dowdell, Illinois Appellate Court No. 54021. Defendant in the instant case was convicted and fined for failure to register a firearm in violation of Chapter 11.1-7 of the Municipal Code of Chicago. The evidence clearly supported this charge and this Appellate Court is of the firm opinion that the trial judge was correct in his finding and therefore the judgment of the lower Court is affirmed.

Tribute Paid to Late Milburn P. Akers.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His Infinite Wisdom, has called to his eternal reward on May 27, 1970 Milburn P. Akers, a distinguished journalist, prominent Methodist layman and educational adviser; and

WHEREAS, Milburn Akers was a native Chicagoan, whose spiritual roots were deep in the Lincoln Country of Central Illinois, where he was reared as a child and where he died; he was graduated from McKendree College in Lebanon, Illinois; and

WHEREAS, Milburn Akers, widely known by his nickname "Pete", began his career as a reporter and editor, which spanned 42 years, as a cub reporter on the St. Louis Post Dispatch; he subsequently served with the Illinois State Register in Springfield, and the Associated Press Bureaus in Springfield, Washington and Chicago. From 1936 to 1939 he served as press secretary for Governor Henry Horner. He was Assistant to the Secretary of Interior in Washington D. C. from 1939 to 1941. He became associated with the Chicago Sun upon its founding in 1941; following the merger of the Sun with the Chicago Times, he was named editor of the Sun-Times in 1949 and executive editor in 1950, in which position he served until his retirement in 1965. He also served as a Director of the American Society of Newspaper Editors; and

WHEREAS, "Pete" Akers, devoted to education for over 35 years, was well known throughout the State of Illinois. Notwithstanding his "retirement" he continued to work tirelessly in the field of education in Illinois from 1965 until his untimely death; he was President of Shimer College, in Mount Carroll, Illinois; Chairman of the Board of Trustees of McKendree College, Lebanon, Illinois; and Trustee of St. Xavier College in Chicago. He served for many years as a Trustee of Mac Murray College, Jacksonville, Illinois and as a member of the Illinois Board of Higher Education. He was currently executive director of the Federation of Independent Illinois Colleges and Universities; and

WHEREAS, "Pete" Akers crusaded endlessly against social injustice. It was said of him that "much of what the Sun-Times has become is a reflection of his leadership"; a fellow editor said of him: "Milburn P. Akers has the mind of a politician, the heart of a social worker, and the body of a medieval bishop"; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 10th day of June, A.D., 1970, do hereby express publicly their sorrow at the passing of Milburn P. "Pete" Akers, and extend to his wife Beulah and to his family their sincere sympathy; and

Be It Further Resolved, That a suitable copy of this resolution be presented to his widow, Beulah.

Alderman Bilandic moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Bilandic (seconded by Alderman Sperling) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Bilandic and Alderman Sperling in brief commentaries spoke highly of the late "Pete" Akers,

lauding him for his outstanding career in four different capacities: as a newspaperman, in politics, in the field of education and as an outstanding member of his church. It was noted that he devoted countless hours to his many tasks as an editor, which had been his first love and that he had a tremendous interest in his second love which had been politics. Both felt that the State of Illinois and Chicago had lost a most dedicated son.

Honorable Richard J. Daley, Mayor, then addressed the Council noting that a great journalist had been lost and that indeed Illinois had lost a great citizen who had truly loved Illinois.

Tribute Paid to Late Officer Melvin E. Brown.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His Infinite Wisdom, has called to his eternal reward on June 3, 1970, Chicago Patrolman, Melvin E. Brown, who was brutally slain as he tried to thwart a holdup; and

WHEREAS, Patrolman Brown attended St. Anselms Elementary School; he was a graduate of St. Elizabeth High School; he was honorably discharged from the U.S. Army after two years of service. He began his service with the Chicago Police Department on June 27, 1966. During his brief four year period of service Patrolman Brown received four honorable mentions, two department commendations, and three letters of commendation were submitted to the Department by citizens on his behalf; and

WHEREAS, Patrolman Brown was armed when a gunman attempted a holdup; he did not use his weapon, instead he tackled the gunman and attempted to wrest the weapon from him. As Patrolman Brown and the gunman grappled for control of the gun two other gunmen entered and brutally and deliberately shot Patrolman Brown several times; and

WHEREAS, Patrolman Brown died because he adhered to law enforcement principles he learned. He was currently enrolled in two law enforcement courses at Loop College where he thought seriously about and studied the ethics, philosophy, and morality of the use of the gun. Patrolman Brown took the position that using a gun must always be a last resort; and

WHEREAS, Patrolman Brown exemplifies the highest and best tradition of the men who serve the public in the enforcement of the law; once again we have an example of a police officer losing his life because of his concern for human lives; although himself armed, he courageously attempted to disarm rather than shoot, thus sparing the life of the person committing the holdup; and

WHEREAS, Patrolman Brown, did not sacrifice his life in vain, but serves as another heroic example of all policemen who choose their careers with full knowledge that their service might at any moment demand the supreme sacrifice; we are again impressed with a greater appreciation of the valor of our City's policemen, who dedicated to the enforcement of the law, the protection of the people they serve, exercising restraint in the use of their weapons, are called upon time and time again to face hazardous situations and circumstances similar to that which took place involving Patrolman Brown where out of concern to save human life, he lost his life; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 10th day of June, A. D. 1970, together with all the people of the City of Chicago, by this resolution, hereby express profound sorrow and regret upon the death of Patrolman Melvin E. Brown, and further express their condolences to his family; and

Be It Further Resolved, That as a mark of respect to his memory, this resolution be spread upon the permanent Record of the Proceedings of the City Council of the City of Chicago, and that a suitable copy thereof be presented to the family of Patrolman Melvin E. Brown.

Alderman Campbell moved to *Suspend the Rules Temporarily* to permit the immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Campbell (seconded by Alderman Holman and Alderman Shannon) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Campbell and Alderman Holman both lauded the late Officer Brown for his dedication to duty which they felt was typical of all policemen. They pointed out how the late patrolman had attempted to subdue his assailant rather than drawing his pistol which might have resulted in injury to innocent bystanders. He was cited as being a strong man, one of courage and heart who epitomized the best of Chicago's policemen.

Honorable Richard J. Daley, Mayor, expressed his remorse that another Chicago policeman had been slain in the course of duty and made a most moving plea that more forceful gun control legislation should be enacted on the national level in order to curb the wanton use of hand guns, not only on the streets of Chicago, but throughout the nation, to avert further tragedies.

own behalf in connection with its conduct of air transportation. In case of any use of any of such premises by Airline on behalf of or in conjunction with any other Airline Party or Parties, or in case of any sublease of any of such premises to any other Airline Party or Parties, Airline shall remain liable for its obligations hereunder and the rights and privileges granted hereunder to Airline, its employees, agents, passengers guests, patrons, and invitees and its or their suppliers of materials and furnishers of service shall, to the same extent, be granted with respect to such premises to such other Airline Party or Parties, and its or their employees, agents, passengers, guests, patrons and invitees, suppliers of materials and furnishers of service.

Notwithstanding the foregoing provisions of this Section 1.08, no use of any of the premises leased to Airline under Sections 1.01, 1.02, or 1.03, hereof may be made by Airline on behalf of or in conjunction with any other Airline Party or Parties, and no sublease of any part of such premises may be made by Airline to any other Airline Party or Parties, except in each case with the consent of the Commissioner of Aviation, if such use or sublease involves payment to Airline by any such other Airline Party or Parties, of any amount greater than Airline's expense with respect to the premises, facilities and building maintenance services used by, furnished to or subleased to such other Airline Party or Parties.

ARTICLE II

Term

The term of this Lease shall be for a period commencing on the date hereof and ending on December 31, 1973. It is understood and agreed that notwithstanding the above term, either party may cancel and terminate this agreement by thirty (30) days notice to the other party in writing of its election so to do.

ARTICLE III

Rentals and Charges

Section 3.01. *Rental Payable by Airline for Exclusive Space.* Commencing on the date hereof, and thereafter during the term of this Lease, Airline shall pay to City, as rental for Airline's exclusive Terminal Building Space, a monthly rental of ..... Dollars (.....)

Section 3.02. *Rental Payable by Airline for Airline Outbound Joint Space.* Commencing on the date hereof, and thereafter during the term of this Lease, Airline shall pay to City, as rental for Airline Outbound Joint Space, its pro rata share of a monthly rental of Five Thousand Two Hundred Eighty Dollars ($5,280.00) computed as follows:

(a) Twenty percent (20%) thereof shall be distributed equally among Airline and other Airline Party or Parties leasing such space in common; and

(b) Eighty percent (80%) thereof shall be distributed among Airline and such other Airline Party or Parties in the proportion that the number of passengers enplaned by Airline at the International Terminal Building during the month second preceding the month for which such billing is rendered bears to the total number of passengers so enplaned by Airline and such other Airline Party or Parties.

Section 3.03. *Rental Payable by Airline for Airline Inbound Joint Space.* Commencing on the date hereof, and thereafter during the term of this Lease, Airline shall pay to City, as rental for Airline Inbound Joint Space, its pro rata share of a monthly rental of One Thousand Three Hundred Fifty-two Dollars ($1,352.00) computed as follows:

(a) Twenty percent (20%) thereof shall be distributed equally among Airline and other Airline Party or Parties leasing such space in common; and

(b) Eighty percent (80%) thereof shall be distributed among Airline and such other Airline Party or Parties in the proportion that the number of passengers deplaned by Airline at the International Terminal Building during the month second preceding the month for which such billing is rendered bears to the total number of passengers so deplaned by Airline and such other Airline Party or Parties.

Section 3.04. *Charge Payable by Airline for Federal Inspection Area.* Commencing on the date hereof, and thereafter during the term of this Lease, Airline shall pay to City its pro rata share of a monthly reimbursement charge for the availability of the Federal Inspection Area of Thirteen Thousand Nine Hundred Ninety-three Dollars ($13,993.00), subject to adjustment as hereinafter provided, computed as follows:

(a) Twenty percent (20%) thereof shall be distributed equally among Airline and other Airline Party or Parties leasing space in the International Terminal Building; and

(b) Eighty percent (80%) thereof shall be distributed among Airline and such other Airline Party or Parties in the proportion that the number of passengers deplaned by Airline at the International Terminal Building, and using the Federal Inspection Area, during the month second preceding the month for which such billing is rendered bears to the total number of passengers so deplaned by Airline and such other Airline Party or Parties.

The City shall lease or issue a permit covering the use of the Federal Inspection Area or so much thereof as is possible to the United States as soon as the United States or any of the Federal Inspection agencies thereof are willing and legally empowered to lease or otherwise hire such space or the use thereof at a rental rate or fee equal or as close as possible to the City's reimbursement charge for such space as provided in Article III hereof.

City shall assess and collect from all aircraft operators using the Federal Inspection Area (other than Airline Party or Parties paying a pro rata share of the aforesaid monthly reimbursement charge and other than aircraft operators who are being handled by and whose passengers are being processed by such an Airline Party or Parties), a use charge for each of their passengers and crew inspected in the Federal Inspection Area. Such charge, however, shall be subject to establishment by ordinance by City after consulting with and giving due consideration to suggestions by the International Airlines Representative, so that such charge as far as practicable may not be less than the estimated equivalent average charge paid by the aforesaid Airline Party or Parties for each of their passengers inspected in the Federal Inspection Area.

The monthly reimbursement charge payable by the Airline Party or Parties shall be reduced by such amounts, hereinabove referred to, as shall be collected by the City from (a) the United States Government for use of the Federal Inspection Area, and (b) the aforesaid aircraft operators, by giving credit as soon as practicable after such receipts.

If a Terminal Use Charge per aircraft is in effect for such other aircraft operators, pursuant to City ordinance, in lieu of a Federal Inspection

Area use charge per person, the total Federal Inspection Area reimbursement charge shall be reduced by that portion of each such use charge collected in the month second preceding the month of billing, which represents the average individual aircraft cost of using such Federal Inspection Area by aircraft of any other Airline Party or Parties leasing space in the International Terminal Building, during the previous Fiscal Year, but in no event shall more than the whole of any such charge be credited.

Section 3.05. *International Terminal Adjustment Charge.* In addition to all other sums payable hereunder, Airline agrees to pay, from the date hereof, its pro rata share of an International Terminal Adjustment Charge of Twelve Thousand Nine Hundred Seventy-four Dollars ($12,974.00) per month, such pro rata share to be computed as follows:

(a) Twenty percent (20%) thereof shall be distributed equally among Airline and other Airline Party or Parties leasing space in the International Terminal Building, except that airlines conducting arrival operations only shall pay one-half share while airlines conducting both arrival and departure operations shall pay one full share;

(b) Eighty percent (80%) shall be distributed among Airline and such other Airline Party or Parties in the proportion that the number of passengers enplaned and deplaned by Airline at the International Terminal Building during the month second preceding the month for which such billing is rendered bears to the total number of passengers so enplaned and deplaned by Airline and such other Airline Party or Parties.

In the event that Commissioner of Aviation and International Airlines Representative agrees to allow aircraft operators other than Airline Party or Parties to use either Airline Outbound Joint Space or Airline Inbound Joint Space or both, and if at the time a Terminal Use Charge per aircraft is in effect for such other aircraft operators pursuant to City ordinance, the total International Terminal Adjustment Charge shall be reduced by that portion of each such use charge collected in the month second preceding the month of billing, which represents the average individual aircraft cost of using such joint space by aircraft of all Airline Party or Parties leasing space in the International Terminal Building during the previous Fiscal Year, but in no event shall more than the whole of any such charge be credited.

Section 3.06. *Provisions Relating to Airline Joint Charges.* Airline shall prepare the necessary passenger statistics required by the Commissioner of Aviation and City Comptroller, to compute the proration of joint space rentals, and charges under this Article III, which shall be reported monthly, as directed by the Commissioner of Aviation and City Comptroller, not later than the tenth day of the month following the month for which the statistics are prepared, which is the second month preceding the month for which billing is rendered, e.g., June statistics are the basis for August joint space billings. City shall then prepare and submit to Airline and the other Airline Party or Parties involved monthly invoices for the following month's charges, setting forth their respective pro rata share of such rentals and charges.

When an Airline Party or Parties begins operations at the International Terminal Building after the date hereof, the eighty percent (80%) share of Airline Joint Charges referred to in each of Sections 3.02, 3.03, 3.04, and 3.05 shall be computed for the third month by giving double weight to such Airline's passenger statistics of the first month, and shall be computed for the fourth month by giving double weight to such Airline's passenger statistics of the second month.

Airline shall be responsible only for the payment of the amounts prorated and billed to it in accordance with the provisions of Sections 3.02, 3.03, 3.04, and 3.05 and shall not be responsible for any part of amounts prorated and billed to any other Airline Party or Parties.

In the event the Lease of any other Airline Party or Parties leasing space or paying charges in common with Airline pursuant to Sections 3.02, 3.03, 3.04, or 3.05 shall be terminated and such Airline is no longer using such space, the total monthly rental therefor shall be prorated, effective as of the first day of the next succeeding calendar month, among the other Airline Party or Parties obligated to pay a pro rata share of the said rental.

The proration formulas set forth in Sections 3.02, 3.03, 3.04, and 3.05 may be revised with approval of the Commissioner of Aviation by notice through the International Airlines Representative to the Commissioner of Aviation and City Comptroller, from time to time by a majority of the Airline Party or Parties paying a pro rata share of the rent and charges for the space to which the formula in question applies. Such majority shall mean a numerical majority, which majority must also have had enplaned in the case of Section 3.02, deplaned in the case of Sections 3.03 and 3.04, and enplaned plus deplaned in the case of Section 3.05, a majority of the passengers at the International Terminal Building during the most recent six-month period for which such information is available.

Section 3.07. *Payment of Rentals and Charges.* Airline shall pay to City at the office of City Comptroller of City on or before the first calendar day of each month for which such rental and charges are payable (a) all rental payable for Airline's Exclusive Terminal Building Space in accordance with Section 3.01, and (b) Airline's pro rata share of Airline Outbound Joint Space Rental, Airline Inbound Joint Space Rental, Federal Inspection Area Reimbursement Charge, and International Terminal Adjustment Charge in accordance with the provisions of Sections 3.02, 3.03, 3.04, and 3.05, respectively. Rental and charges for Airline's Exclusive Terminal Building Space for a period less than a full calendar month shall be prorated on a daily basis. Any rental or charge payable by Airline hereunder which is not paid when due shall bear interest at the rate of seven percent (7%) per annum from the due date thereof until paid.

ARTICLE IV

Construction, Maintenance and Repair by Airline

Section 4.01. *Construction, maintenance and repair in exclusive and joint space in International Terminal Building.* Airline may construct or install, at its own expense, any equipment, improvements and facilities, and any additions thereto, in all or any part of Airline's Exclusive Terminal Building Space, Airline Outbound Joint Space, and Airline Inbound Joint Space. All such construction or installation shall be made after obtaining any requisite building or construction licenses or permits. Plans and specifications of any proposed construction or installation of improvements and facilities (including any substantial alteration or addition thereto) shall be submitted to and receive the approval of the Commissioner of Aviation prior to the commencement of construction or installation. Any advertising signs installed by Airline shall be

limited to those which advertise air transportation, and the number, general type, size, design and location of such signs shall be subject to the approval of the Commissioner of Aviation.

Airline shall keep and maintain all such improvements and facilities and additions thereto constructed or installed by it in good condition and repair. No restrictions shall be placed upon Airline as to the architects, builders or contractors who may be employed by it in connection with any construction, installation, alteration, repair or maintenance of any such improvements, facilities and additions.

Airline shall have the responsibility for keeping Airline's Exclusive Terminal Building Space, and together with the other Airline Party or Parties shall have responsibility for keeping Airline Outbound Joint Space, Airline Inbound Joint Space, and the Federal Inspection Area (except to the extent that Federal Inspection Agencies may have assumed such responsibility) in a sanitary and sightly condition, in accordance with regulations which may be issued on this matter from time to time by the Commissioner of Aviation pursuant to Article VI hereof.

Section 4.02. *Covenant against liens.* Airline shall keep Airline's Exclusive Terminal Building Space, Airline Outbound Joint Space, and Airline Inbound Joint Space and the installations situated thereon free and clear of any and all liens in any way arising out of the construction, improvement or use thereof by Airline; provided, however, that Airline may in good faith contest the validity of any lien.

Section 4.03. *Performance by City upon failure of Airline to maintain.* In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do any obligation required by this Article IV to be performed by Airline, City may enter the premises involved (without such entering causing or constituting a termination of this Lease or an interference with the possession of said premises by Airline) and do all things necessary to perform such obligation, charging to Airline the cost and expense thereof, and Airline agrees to pay City such charge in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after giving of such notice and charge to Airline, and Airline shall pay, as aforesaid, the cost and expense of such performance.

ARTICLE V

On motion of Alderman Kuta (seconded by Alderman Sheridan and Alderman Cousins) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

The Aldermen all deplored this senseless killing of another police officer. It was noted that indeed it was a sad commentary that in this age and day, life was held so cheaply and it was urged that we return to reason and restraint, to the concept of right and wrong, and that destruction could never be justified.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

Alderman Kerwin and the seconding Aldermen all praised the late "Cap" Sauers for his dedication to the preservation and increase of his beloved Forest Preserve District. He was lauded for his profound love of open spaces and that he had travelled all over every District either on foot or on horseback. It was noted how zealously he had guarded any attempt to use District property for whatever laudable purpose, other than for recreational and conservation purposes. He was cited as being a "man of quality".

Honorable Richard J. Daley, Mayor, also addressed the Council stating that Mr. Sauers loss was a great one to the entire State of Illinois. He remarked that the late Mr. Sauers had lived his life for others and that he had truly been an extraordinary man.

WHEREAS, Recognizing that God in his Infinite Wisdom affects the lives of all men, the Council knows that Anastasia Bowler will now be rewarded for a life devoted to love and compassion for her husband; and

WHEREAS, Anastasia Bowler served many selfless hours as a volunteer in the Servicemen's Center in Chicago during World War II and was ever an understanding and loving helpmate to her late husband; and

WHEREAS, Knowing that words can do little to assuage the grief which follows the loss of a loved one, it is hoped that understanding sympathy may in some measure ease the sorrow visited upon the Bowler family; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 1st day of July, 1970, do hereby publicly express to the Bowler family their heartfelt sympathy and condolences; and

WHEREAS, Mr. Hornick was well-known for his ability to compose eloquent, and often poetic, resolutions for the County Board commemorating events and people; his service to the County Board gave him a perspective and insight into the administrative and legislative processes that made him a valuable public servant and won him the respect and affection of all who relied upon his dedicated and special competence; his many friends will miss his warmth, friendliness and loyalty; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 1st day of July, A.D. 1970, do hereby publicly express their sorrow at the passing of A. L. (Al) Hornick and extend their condolences to his widow, Florence, his daughter, Mrs. Arlene Hirsch, and his brothers, sisters and grandchildren; and

Court Decisions.

Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

Blum vs. City of Chicago, Illinois Appellate Court No. 53048. The Appellate Court affirmed the Circuit Court's refusal to return certain firearms to plaintiff which were seized in connection with his arrest. Plaintiff's replevin action failed to comply with statutory requirements and was therefore defective in Law. Judgment affirmed.

Eley vs. Cahill, Illinois Appellate Court No. 52819. The Appellate Court affirmed the lower Court's dismissal of plaintiff's petition for a writ of mandamus on behalf of the Animal Care Unit of Chicago Police Department seeking a reclassification as regular Patrolmen with equivalent pay scale, etc. The trial court declared plaintiff's petition insufficient in law and that it did not state a cause of action and was therefore defective. Judgment affirmed.

Bayer vs. Zoning Board of Appeals, et al., Illinois Appellate Court No. 53659. Plaintiff in this cause sought a variation of the zoning ordinance which was refused by the Zoning Board of Appeals. The Circuit Court subsequently authorized a variation for the subject property, hence this appeal. No appearance or brief was filed by plaintiff nevertheless the Appellate Court examined the merits of the appeal and made a determination that the Circuit Court was in error, therefore Judgment is reversed and remanded with directions.

Mrs. John R. Siegel, et al. vs. City of Chicago, et al. Illinois Appellate Court No. 54365. Defendants herein were successful in obtaining a change in zoning from Restricted Commercial District to Restricted Service District concerning the subject property of defendants for construction of a high rise apartment building with stores and underground garage. Plaintiffs allege "spot zoning" and that the amendment would interfere with their light and air. The Illinois Appellate Court affirmed the judgment of the Circuit Court in all respects.

City of Chicago vs. City Realty Exchange, Inc., Illinois Appellate Court No. 53816. This action arose from a suit to foreclose a demolition lien filed by plaintiff City of Chicago against defendant City Realty Exchange, Inc. who held a valid tax deed to the property. The question became whether the Tax Lien Certificate of Purchase was superior to the demolition lien of the City. The Appellate Court ruled in favor of defendant reversing the Circuit Court and remanded this cause with directions.

Vanderbilt vs. John C. Marcin and Board of Election Commissioners, Illinois Appellate Court No. 55504. In November of 1968, at a general election in the 96th precinct of the 8th Ward, the voters prohibited the sale of alcohol for consumption on the premises. Plaintiffs alleged many violations of the Election Code. The Circuit Court ruled the alleged violations did not affect the validity of the election and that there was no fraud inferred or implied. Judgment of the Circuit Court hereby is affirmed.

Notwithstanding the foregoing provisions of this Sub-Section H, no use of any of the premises leased to Tenant under Section A, B, or C hereof may be made by Tenant on behalf of or in conjunction with any other Tenant or Tenants and/or Airline Lessee or Lessees, except in each case with the consent of the Commissioner of Aviation, if such use involves payment to Tenant by any such other Airline Lessee or Lessees, of any amount greater than Tenant's expense with respect to the premises, facilities and building maintenance services used by, furnished to or subleased to such other Tenant or Tenants and/or Airline Lessee or Lessees.

2. *Term*

3. *Rentals and Charges*

A. *Rental for Reserved Space*

Commencing on the date hereof, and thereafter during the term of this Lease, Tenant shall pay to Landlord, as rental for Tenants' Reserved Space, its pro rata share of a monthly rental of Two Hundred Sixty-four and 88/100 Dollars ($264.88) computed on the basis of an even division of such rental among all Tenants and Airline Lessees to whom Tenants' Reserved Space is then being rented.

B. *Rental for Outbound Joint Space*

Commencing on the date hereof, and thereafter during the term of this Lease, Tenant shall pay to Landlord, as rental for Airline Outbound Joint Space, its pro rata share as determined solely by the Commissioner of Aviation and the City Comptroller of a monthly rental of Five Thousand Two Hundred Eighty Dollars ($5,280.00) computed as follows:

(a) Twenty percent (20%) thereof shall be distributed equally among Tenant and other Tenants and Airline Lessees leasing such space in common; and

(b) Eighty percent (80%) thereof shall be distributed among Tenant and such other Tenants and Airline Lessees in the proportion that the number of passengers enplaned by Tenant at the International Terminal Building during the month second preceding the month for which such billing is rendered bears to the total number of passengers so enplaned by Tenant and such other Tenants and Airline Lessees.

C. *Rental for Inbound Joint Space*

Commencing on the date hereof, and thereafter during the term of this Lease, Tenant shall pay to Landlord, as rental for Airline Inbound Joint Space, its pro rata share as determined solely by the Commissioner of Aviation and the City Comptroller of a monthly rental of One Thousand Three Hundred Fifty-two Dollars ($1,352.00) computed as follows:

(a) Twenty percent (20%) thereof shall be distributed equally among Tenant and other Tenants and Airline Lessees leasing such space in common; and

(b) Eighty percent (80%) thereof shall be distributed among Tenant and such other Tenants and Airline Lessees in the proportion that the number of passengers deplaned by Tenant at the International Terminal Building during the month second preceding the month for which such billing is rendered bears to the total number of passengers so deplaned by Tenant and such other Tenants and Airline Lessees.

D. *Charge for Federal Inspection Area*

Commencing on the date hereof, and thereafter during the term of this Lease, Tenant shall pay to Landlord its pro rata share of a monthly reimbursement charge for the availability of the Federal Inspection Area of Thirteen Thousand Nine Hundred Ninety-three Dollars ($13,993.00), subject to adjustment as hereinafter provided, computed as follows:

(a) Twenty percent (20%) thereof shall be distributed equally among Tenant and other Tenants and Airline Lessees; and

(b) Eighty percent (80%) thereof shall be distributed among Tenant and such other Tenants and Airline Lessees in the proportion that the number of passengers deplaned by Tenant at the International Terminal Building, and using the Federal Inspection Area, during the month second preceding the month for which such billing is rendered bears to the total number of passengers so deplaned by Tenant and such other Tenants and Airline Lessees.

If a Terminal Use Charge per aircraft is in effect for such other aircraft operators, pursuant to City ordinance, in lieu of a Federal Inspection Area use charge per person, the total Federal Inspection Area reimbursement charge shall be reduced by that portion of each such use charge collected in the month second preceding the month of billing, which represents the average individual aircraft cost of using such Federal Inspection Area by aircraft of all Tenants and Airline Lessees during the previous Fiscal Year, but in no event shall more than the whole of any such charge be credited.

E. *International Terminal Adjustment Charge*

In addition to all other sums payable hereunder, Tenant agrees to pay, from the date hereof, its pro rata share of an International Terminal Adjustment Charge of Twelve Thousand Nine Hun-

dred Seventy-four Dollars ($12,974.00) per month, such pro rata share to be computed as follows:

(a) Twenty percent (20%) thereof shall be distributed equally among Tenant and other Tenants and Airline Lessees, except that airlines conducting arrival operations only shall pay one-half share while airlines conducting both arrival and departure operations shall pay one full share;

(b) Eighty percent (80%) shall be distributed among Tenant and such other Tenants and Airline Lessees in the proportion that the number of passengers enplaned and deplaned by Tenant at the International Terminal Building during the month second preceding the month for which such billing is rendered bears to the total number of passengers so enplaned and deplaned by Tenant and such other Tenants and Airline Lessees.

In the event that the Commissioner of Aviation agrees to allow aircraft operators other than Airline Lessees to use either Airline Outbound Joint Space or Airline Inbound Joint Space or both, and if at the time a Terminal Use Charge per aircraft is in effect for such other aircraft operators pursuant to City ordinance, the total International Terminal Adjustment Charge shall be reduced by that portion of each such use charge collected in the month second preceding the month of billing, which represents the average individual aircraft cost of using such joint space by aircraft of all Tenants and Airline Lessees during the previous Fiscal Year, but in no event shall more than the whole of any such charge be credited.

F. *Provisions Relating to Joint Charges*

Tenant shall prepare the necessary passenger statistics required by the Commissioner of Aviation and City Comptroller, to compute the proration of joint space rentals and charges under this Section 3, which shall be reported monthly, as directed by the Commissioner of Aviation and City Comptroller, not later than the tenth day of the month following the month for which the statistics are prepared, which is the second month preceding the month for which billing is rendered, e. g., June statistics are the basis for August joint space billings. Landlord shall then prepare and submit to Tenant and the other Tenants and Airline Lessees involved, monthly invoices for the following month's charges, setting forth their respective pro rata share of such rentals and charges.

Considering the calendar month which includes the date hereof as the first month, the eighty percent (80%) share of Airline Joint Charges referred to in each of Sub-Sections B, C, D, and E of Section 3 shall be computed for the third month by giving double weight to such Tenant's passenger statistics of the first month, and shall be computed for the fourth month by giving double weight to such Tenant's passenger statistics of the second month.

Tenant shall be responsible only for the payment of the amounts prorated and billed to it in accordance with the provisions of Sub-Sections B, C, D, and E of Section 3 and shall not be responsible for any part of amounts prorated and billed to any other Airline Lessee.

In the event the Lease of any other Tenant or Airline Lessee leasing space or paying charges in common with Tenant pursuant to Sub-Section B, C, D, and E of Section 3 shall be terminated and such other Tenant or Airline Lessee is no longer using such space, the total monthly rental therefor shall be prorated, effective as of the first day of the next succeeding calendar month, among the other Tenants and Airline Lessees obligated to pay a pro rata share of the said rental.

The proration formulas set forth in Sub-Section B, C, D, and E, of Section 3 may be revised from time to time at the sole discretion of the Commissioner of Aviation.

G. *Payment of Rentals and Charges*

Tenant shall pay to Landlord at the office of City Comptroller on or before the first calendar day of each month for which such rental and charges are payable (a) all rental payable for Tenant's Reserved Space in accordance with Sub-Section A, and (b) Tenant's pro rata share of Airline Outbound Joint Space Rental, Airline Inbound Joint Space Rental, Federal Inspection Area Reimbursement Charge, and International Terminal Adjustment Charge in accordance with the provisions of Sub-Section B, C, D, and E, respectively. Rental and charges for Tenant's Reserved Space for a period less than a full calendar month shall be prorated on a daily basis. Tenant shall pay to Landlord at the office of City Comptroller, on or before the fifteenth day after each calendar month for which landing fees are payable pursuant to Section 37-11 (a), and for which aircraft ramps and parking fees are payable pursuant to Section 37-11 (e) and 37-11 (h) respectively, of the Chicago Municipal Code, such landing, ramps, and parking fees, accompanied by an itemized report of same for and satisfactory to City Comptroller, with copy for Commissioner of Aviation. 4. *Construction, Maintenance and Repair by Tenant*

Tenant may construct or install, at its own expense, any equipment, improvements and facilities, and any additions thereto, in all or any part of Tenant's Reserved Space, Airline Outbound Joint Space, and Airline Inbound Joint Space. All such construction or installation shall be made after obtaining any requisite building or construction licenses or permits. Plans and specifications of any proposed construction or installation of improvements and facilities (including any substantial alteration or addition thereto) shall be submitted to and receive the approval of the Commissioner of Aviation and Commissioner of Public Works prior to the commencement of construction or installation.

Tenant shall, at its own cost and expense, in conjunction with other Tenants and Airline Lessees of Tenant's Reserve Space, erect and install, in Area Numbers 1B-54-U1, B-54-L1, B-54-L2, 1A-54-L1, and B-50-L2, all improvements which are reasonably necessary and desirable for the specified uses of such Area Numbers, including bringing in of electrical service as necessary. Tenant covenants to expend, in conjunction with other Tenants and Airline Lessees of Tenant's Reserve Space, a minimum of $60,000 in such improvements, including architect's and engineer's fees, cost of plans and specifications, and other costs incidental to such erection and installation. Tenant warrants that its pro rata share of expenditures which will be made for such improvements, together with the pro rata shares of other Tenants and Airline Lessees of Tenant's Reserve Space, will aggregate at least $60,000. Tenant, in conjunction with other Tenants and Airline Lessees of Tenant's Reserve Space, shall furnish to City Comptroller, with copy to Commissioner of Avia-

tion, within sixty (60) days after completion of improvements, an itemized certificate showing total cost of such improvements, and shall, if requested by Landlord, produce copies of invoices and other records in connection therewith.

No restrictions shall be placed upon Tenant as to the architects, builders or contractors who may be employed by it in connection with any construction, installation, alteration, repair or maintenance of any such improvements, facilities and additions.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Public Works be and he is hereby authorized and directed to execute, the Chief Engineer to approve, and the City Comptroller to accept and file for record, upon approval by the Corporation Counsel as to form and legality, a permit from the City of Chicago, granting Illinois Bell Telephone Company permission and authority to attach, operate and maintain twenty (20) four-inch (4") Plastic Ducts under the west roadway deck of the N. Western Avenue Fixed Bridge, which permit is in form and substance as follows:

Whereas, Illinois Bell Telephone Company, 212 West Washington Street, Chicago, Illinois, hereinafter called the "Petitioner" requests permission and authority from the City of Chicago, Department of Public Works, hereinafter called the "Department", to attach, operate and maintain twenty (20) four (4) inch Plastic Ducts under the west roadway deck of the new N. Western Avenue Fixed Bridge; and

Whereas, The additional weight of said installation on an existing highway structure will decrease the load carrying capacity of the highway structure available to the public or on a new highway structure will require an increase in structural design by an amount estimated by the Department to be valued at Four Thousand Eight Hundred Seventy-nine Dollars and Twenty Cents ($4,879.-20); and

Whereas, The Petitioner, realizing an advantage accruing to it in the form of an overall savings in installation and maintenance costs, should reimburse the Department for the said estimated value; and

Whereas, The Petitioner has on deposit with the Department a surety bond in the amount of Fifty Thousand Dollars and No Cents ($50,000.00) said bond being conditioned on the performance of the work, the cleanup, and the restoration of the street facilities in a manner satisfactory to the Commissioner of the Department or his duly authorized agent, and on holding the City of Chicago and the

Department harmless on account of all claims for damages which may occur to persons or property, including the property belonging to the City of Chicago, arising out of the construction, operation and maintenance of said twenty (20) four (4) inch Plastic Ducts on said bridge structure.

Now, Therefore, In consideration of the sum of Four Thousand Eight Hundred Seventy-nine Dollars and Twenty Cents ($4,879.20), the Department hereby grants permission and authority to the Petitioner to construct, operate and maintain twenty (20) four (4) inch Plastic Ducts on the new N. Western Avenue Bridge, subject to the following additional terms and conditions:

1. The Petitioner shall keep said bond in full force and effect in the full penal sum therein provided so long as this permit shall remain in force. In case of any impairment of the security on said bond for any cause (whether any impairment exists to be determined by the Department) or in case of any reduction in the penal sum of said bond due to a recovery thereon or otherwise, the Petitioner shall immediately replace or increase the penal sum of said bond to the end that there will be in full force and effect, during the existence of this permit, a good and sufficient bond or bonds in an aggregate penal sum equal to the amount of said present bond to insure the fulfillment of the obligation assumed by the Petitioner under this permit. In the event that Petitioner fails to replace or increase the penal sum of said bond as herein provided within ten (10) days after receipt of notice in writing from the Department so to do, the Department may terminate the further granting of permits to the Petitioner until such time as the necessary increase or replacement of the penal sum of said bond has been complied with.

2. The Petitioner shall furnish, at its own expense, all materials, labor and pay all maintenance costs of said twenty (20) four (4) inch Plastic Ducts and its attachments except inserts that may be installed at the time of construction on the new bridge. The Petitioner further understands and agrees that the maintenance of said twenty (20) four (4) inch Ducts includes but is not limited to the cleaning and painting of the entire twenty (20) four (4) inch Ducts including all fixtures, brackets and attachments thereto, and that the time, manner and type of such cleaning and painting shall be as directed by the Department.

3. The proposed work and method of construction to be done hereunder shall be located and constructed in accordance with the description and special provisions, and the Petitioner shall thereafter operate and maintain said twenty (20) four (4) inch Ducts to the satisfaction of the Commissioner or his duly authorized representative.

4. The Petitioner shall assume all liability for interference with or access to existing utilities or navigation lights on account of the installation of said twenty (20) four (4) inch Ducts.

5. The Petitioner, its successors or assigns, shall assume all risk and liability for damages or injury to persons or property on account of the work of installation or maintenance of said twenty (20) four (4) inch Ducts and shall also be liable for any damage that may be caused to said new North Western Avenue Fixed Bridge due to the attachment of the twenty (20) four (4) Ducts to the bridge structure.

6. The Petitioner agrees to use only a minimum number of machines or other equipment that may, by necessity, be caused to be parked in a traffic lane on the bridge, which equipment may obstruct the flow of traffic across the said bridge, while performing any work pursuant to the permission herein granted, and shall take all necessary precautions to protect traffic by the use of signs, signals, flagmen or watchmen. One-way traffic shall be maintained around such obstructions at all times.

7. The Department agrees to take due care in performance of maintenance and operation activities on the bridge structure to prevent damage to the said twenty (20) four (4) inch Ducts due to such activities. Should the City's construction on any operation of said bridge facility require any alteration or change of location of the improvement called for in this permit, such alteration and change of location shall be made by the Petitioner upon a written request by the Commissioner without expense to the City of Chicago; or should the Petitioner fail to make satisfactory arrangements to comply with this request within 60 days, the City reserves the right to perform the necessary work or remove the installation and bill the Petitioner for the costs incurred. In the case where utility facilities are attached to an existing bridge that is to be dismantled, reconstructed or relocated and requires the Petitioner to alter the attached facilities or to move to a new structure, then this permit will be terminated and a new permit with proper assessment will be required.

8. The Petitioner agrees that the permission herein granted to install twenty (20) four (4) inch Ducts on the above designated bridge structure is not considered a franchise and will be terminated without reimbursement of the assessment two years after the date of this permit if twenty (20) four (4) inch Ducts are not installed and in operation in accordance with the terms of this permit.

9. The permission herein granted is effective insofar only as the Department has jurisdiction and does not presume to release the Petitioner from complying with any existing statutes to the construction, operation and maintenance of said twenty (20) four (4) inch Ducts.

This permit is hereby given, accepted and its provisions agreed on this .... day of ....., 19....

COMMITTEE ON CULTURAL AND ECONOMIC DEVELOPMENT.

Action Deferred—ON PROPOSED DESIGNATION OF OLD CHICAGO STOCK EXCHANGE BUILDING AS CHICAGO LANDMARK.

The Committee on Cultural and Economic Development submitted the following report, which was, at the request of two aldermen present (Alderman Despres and Alderman Simon) *Deferred* and ordered published:

CHICAGO, June 30, 1970.

To the President and Members of the City Council:

Your Committee on Cultural and Economic Development, having had under consideration a proposal transmitted with a communication from the Chicago Landmarks Commission (referred to your Committee on March 25, 1970) to designate the Old Chicago Stock Exchange Building, also known as 30 North LaSalle Street Building, Chicago, Illi-

nois, as a "Chicago Landmark", begs leave to recommend that your Honorable Body do not concur in the recommendation of the Chicago Landmarks Commission for the reasons set forth in a special report attached hereto and made a part hereof and that all proceedings and considerations in connection therewith be placed on file.

This recommendation was concurred in by a majority of the committee, with one dissenting vote.

Respectfully submitted,
(Signed) EDWIN P. FIFIELSKI,
Chairman.

The following is the special report transmitted with the foregoing committee report:

Special Report Relative to Designation of the Old Stock Exchange Building, also known as 30 N. LaSalle St. Building, Chicago, Illinois, as a "Chicago Landmark".

The Committee on Cultural and Economic Development, in this instance, was asked to make a determination for the first time under the new Landmark Ordinance wherein a designation as a Chicago Landmark was opposed by the proprietary interests of the property ownership. We were to arrive at a landmark decision with landmark considerations of landmark designations.

In our deliberations, we were motivated by the criteria to be applied in conducting a landmark survey as outlined by the Commission on Chicago Historical and Architectural Landmarks and established by ordinance of the City of Chicago, namely:

A. Its character, interest or value as part of the development, heritage or cultural characteristics of the City of Chicago, State of Illinois, or the United States.

B. Its location as a site of a significant event.

C. Its identification with a person or persons who significantly contributed to the culture and development of the City of Chicago.

D. Its exemplification of the cultural, economic, social or historic heritage of the City of Chicago.

E. Its portrayal of the environment of a group of people in an era of history characterized by a distinctive architectural style.

F. Its embodiment of distinguishing characteristics of an architectural type or specimen.

G. Its identification as the work of an architect or master builder whose individual work has influenced the development of the City of Chicago.

H. Its embodiment of elements of architectural design, detail, materials or craftsmanship which represent a significant architectural innovation.

I. Its relationship to other distinctive areas which are eligible for preservation according to a plan based on a historic, architectural or cultural motif.

J. Its unique location or singular physical characteristic representing an established and familiar visual feature of a neighborhood, community or the City of Chicago.

Testimony by those in favor of the proposed designation brought out a great deal of evidence as to why this building is important to Chicago. It was stated that the Old Stock Exchange Building, along with several others designed by Adler and Sullivan at approximately the same time, showed a major breakthrough at a time when styles derived from the past dominated architecture.

Adler and Sullivan originated a new style, one that suited the needs of the modern age. Their work followed the principle of "form follows function", function being defined by architectural historian Paul Sprague as "the essence of time". This essence was in turn defined as the shaping of the need for a new type of structure, one that is commonplace in Chicago today—the large office building. The increasing use of elevators allowed the building to be developed upward, and the architects were then confronted with a new problem—designing a commercial building that was taller than it was wide. Sullivan solved the problem visually by developing the idea that a tall building should have a base, a shaft and a terminal point where it meets the sky. According to testimony, the Old Chicago Stock Exchange Building is a fine example of this idea put into practice.

It was further stated that Adler and Sullivan used an ingenious means of producing more prime quality office space, that is, space that faces the street. Bay windows that alternate with the wide "Chicago windows" allowed the developer to gain more prime interior space by projecting the bays over the sidewalk—space which he did not own and on which he did not pay taxes.

It was brought out that design emphasis is placed on the main entrance to the building, the great arch, as a deliberate means of making one aware of the entry and welcoming one to the building.

Much of the testimony in favor of the proposed designation was addressed to the exterior features of the building. Sullivan's beautiful and sensitive exterior ornament, and the role it plays in defining and highlighting the proportions of the building was alluded to by several individuals.

It was noted that the Old Stock Exchange Building and another previously cited possible landmark, the Rookery three blocks south, are powerful symbols of the building development that took place prior to 1900 and caused LaSalle Street to become the financial heart of Chicago. The Old Chicago Stock Exchange Building was important in making LaSalle Street what it is today, and compliments the more modern buildings that themselves developed from the innovative era represented by it.

Submitted for consideration in support of arguments favoring designation of the subject building as a landmark was a bonus proposal which would allow the transfer and sale of development rights to other properties, benefitting the owners of properties designated as landmarks. Serious consideration could not be given to such proposal in the instant case because, at best, such thoughts currently were pure conjecture and could not be offered to parties in interest as an incentive for landmark designation.

The Commission on Chicago Historical and Architectural Landmarks made issue of the profits of the previous owners as arguments citing the financial feasibility of retention, rehabilitation and landmark designation. Your Committee made contact with the previous owners and secured financial statements. An analysis of such statements reflects a profit picture only because cost factors reflected prices at the time of acquisition by the former owners as opposed to current market price plus cost of rehabilitation. For these reasons, your Committee placed little value on such financial statements in arriving at a decision.

General references had been made in testimony before the Commission and reiterated before your

Committee as to the financial feasibility of the City of Chicago or some other governmental body acquiring the property and amortizing same over 25 to 30 years to financial advantage. No concrete plan was offered and your Chairman projected inquiry into the rumored interest of the State of Illinois in acquiring the subject property for retention and rehabilitation as a State office building. Your Chairman was advised by the Department of Public Works and Buildings of the State of Illinois that the State had no interest in such acquisition.

The subject property is commonly known as the Old Stock Exchange Building. Experts have testified that the landmark value of the building would be seriously affected if the stock exchange floor itself were not rehabilitated to its original beauty and splendor. The esthetic value of the building is to a great extent dependent upon this nostalgic reality. Esthetic values are important to landmark designation, which cannot be made on architectural considerations alone, as exemplified by the criteria established for the Commission.

The City Council must by law consider the recommendations of the Landmarks Commission as well as the opinion of the Commissioner of Development and Planning. In the instant case, they differ in opinion.

The basic consideration in designating a Chicago landmark is whether the esthetic values outweigh the total cost.

Your Committee made a physical inspection of the entire premises from loft to basement. The building has been gutted from its original state with much of the beautiful Sullivan ornamentation gone. Quoting the national magazine, Buildings (May, 1970), "As it stands now, with all street level stores using modern facades, the Stock Exchange Building contributes nothing more than a hodgepodge of old and new to Chicago architecture." The magazine goes on to say, "Of course, no City can afford to destroy its past for the sake of economy. But it is also impossible to retain all old buildings. Consequently, each City must select the buildings from its past that make some environmental, esthetic or economic contribution to the present."

As to esthetics, experts are divided relative to such value. The Old Landmarks Commission even relegated the subject building to secondary consideration and some prominent architects do not believe the building should be preserved.

We also come to the question of how many landmarks Chicago can have and afford. The predecessor landmarks commission designated 39 buildings. Fourteen were of special merit, of which the Old Chicago Stock Exchange Building was not one. Of the 39, ten were Sullivan buildings. The responsibility of the City Council is to take into consideration *all* of the factors, which includes the money factor—the cost to the people of the City of Chicago.

Conservative estimates indicate that the cost of condemnation of the Old Stock Exchange Building would be about $12,000,000.00 and that an additional $3,000,000.00 would be needed to rehabilitate the building with modern facilities, such as air-conditioning. Estimates also call for $113,000.00 to restore the first floor exterior; $233,000.00 for facade cleaning and replacement of stone lintels on the Washington St. side and $360,000.00 for the restoration of the Exchange Room plus architectural and engineering fees, all making a total of almost another $1,000,000.00. This would bring our cost estimate for re-establishing the Old Stock Exchange Building to approximately $16,000,000.00.

The Committee feels that there are other more important Adler and Sullivan buildings of far greater cultural value and more typical as to beauty and style—and the esthetic value of which are proportionately greater related to the comparative costs. The Committee feels that the esthetic value of the Old Stock Exchange Building does not exceed the relative cost and, in this day of demand to meet urgent financial needs in other areas, the City of Chicago cannot afford the luxury of a building as a landmark that, though it may be treasured for historic value and architectural originality, is too far deteriorated to warrant the cost of rehabilitation. The Committee is confident that the people of the City of Chicago would want better application of their tax dollars, for we are convinced of a resultant dollar deficiency if rehabilitation were attempted—the building would become known as Chicago's White Elephant.

Your Committee therefore recommends that the Old Stock Exchange Building, or the 30 N. LaSalle Street Building, does not warrant landmark designation and asks the City Council to concur in this recommendation.

Respectfully submitted,

(Signed) EDWIN P. FIFIELSKI,
Chairman, Committee on Cultural and Economic Development.

Governor Requested to Call Special Session of General Assembly to Formulate Program to Provide Workable Subsidy for Mass Transportation.

Honorable Richard J. Daley, Mayor, on behalf of himself and other members of the City Council presented the following proposed resolution:

WHEREAS, There is general agreement that public mass transportation cannot be self-sustaining, but must be supported by a government subsidy. The benefits derived from the operation of the Chicago Transit Authority are available to and shared in by the entire metropolitan area in the forms of a convenient and economic alternate mode of travel, a lessening of traffic congestion and an important factor in the battle against air pollution. The CTA is a local resource of immense area-wide importance but one for which the financial burden currently rests on those who can least afford it, the user; primarily those in the low-income groups, the young, the disabled and the aged. It is precisely this imbalance of benefit-for-all but payment-by-a-few to which Secretary of Transportation Volpe directed his recent comments in favor of subsidy to Urban Transportation:

> "Public transit is so important that we must look at its financing much like any other public service. We do not expect the Army to make a profit. We do not exact user charges for police protection. The cost of public education is not paid only by students or parents. These services are considered so important that the entire community must agree to share the burden of supporting them";

and

WHEREAS, President Nixon's message to Congress on Urban Transportation as well as statements by Senators Percy, Brooks, Kennedy, Cranston, Javits and Governors Rockefeller, Reagan and Kirk and the action of six states—Maryland, Massachusetts, New Jersey, New York, Pennsylvania and California—all concur in, support or ratify the principle of providing subsidies for urban mass transportation facilities; and

WHEREAS, Illinois Governor Richard B. Ogilvie, in recognition of the dimension of the problem and the dire consequences of its growth if unchecked by subsidy, recently testified before the U.S. Senate Committee:

> "By approving the allocation of significant public funds for mass transportation systems, the Federal Government will enable urban areas to cope with the problem of mass transportation in a meaningful way. This is the type of responsible action that will help alleviate the crisis that currently plagues large cities";

and by special message to the Illinois General Assembly commented:

> "We must allocate our public resources with a keener perception . . . we must recognize that the vitality of our urban area increasingly depends on effective public mass transportation, and we must act accordingly".

These observations echo those of the Advisory Commission on Intergovernmental Relations, of which Senator W. Russell Arrington, President Pro Tem. and Republican leader of the Illinois State Senate, was a member, whose report recommended:

> "That urban states develop a mass transportation plan and that, in addition to providing a technical and financial assistance to metropolitan areas with regard to the planning of mass transportation facilities and services, the States furnish financial assistance toward the improvement, acquisition and operation of such facilities";

and

WHEREAS, The immediacy of the need for state financial aid to sustain the existing mass transportation system in Illinois has been made clearly evident by the financial crisis of the CTA and by the collapse of public and private transportation companies in several downstate municipalities. The CTA financial crisis not only affects Chicago and the 31 suburbs it directly serves, but indeed, the economy of the entire metropolitan area and consequently the economy of the State are at stake. The urgent financial situation of the CTA has been verified by an independent survey conducted by the Chicago Association of Commerce and Industry which found that the CTA immediately needed 45 million dollars to prevent substantial fare increases and to maintain essential updating of equipment; and

WHEREAS, The Governor and General Assembly have on three separate occasions, by action of this City Council, been warned of the impending dangers of the problem, alerted to its magnitude and urged to take appropriate remedial action by passing legislation to provide the type of State subsidy to mass transportation which all agree is both essential and inevitable. Despite these warnings given in ample time, despite the fact that such legislation which would have given the needed relief was passed by the House of Representatives by a vote of 130 to 26, despite the fact that other less timid states have led the way, despite the fact that the platform of both national political parties support the proposition, despite the fact that the General Cash Balance in the Illinois State Treasury as of June, 1970, amounted to 246 million dollars (representing a 153% increase over the 97 million dollars as of June, 1969), despite the added infusion of 16 million dollars into the State's General Revenue by reason of Attorney General Scott's action and Judge Donovan's order releasing that unanticipated State windfall, and, more importantly, despite the fact that it was enlightened, progressive and humane thing to do, the Illinois Senate, under the control of Senator Arrington and the Republican caucus, defeated these meas-

ures in both the regular and recessed sessions of the 76th General Assembly. In the poorly conceived, politically inspired atmosphere of the Governor's recent Special Session, the call for which sought to contrive an emergency for the Township Collector's bill, these same Senate leaders conspired to shield their identity in opposition to a State subsidy for mass transportation by steadfastly refusing to permit a roll call to be taken on Senate Bills 4, 5, 6 and 7—a public insult and an evasion of responsibility without precedent and of enormous consequences; and

WHEREAS, The people of Chicago have for many years made significant contributions to the CTA, the benefits of which enure to all of the citizens of the metropolitan area. The city has contributed more than $150 millions toward many mass transit projects; the State and Dearborn Street subways, the West Side subway; the Lake Street track elevation, the Kennedy and Dan Ryan Rapid Transit lines, the Englewood terminal extension, the Northwest Passage and for the purchase of 150 new Rapid Transit cars. Taxes paid by the people of Chicago have directly benefited the 31 suburbs served by the CTA and indirectly the entire metropolitan area.

Chicago citizens also pay approximately half of the total motor fuel taxes of the State and receive less than 20 per cent in return for local improvements. Furthermore, Chicago and Cook County are the only municipal and county governments in the State which provide their local share for the building of federal-aid interstate highways. The State provides the matching funds for all other counties and municipalities in Illinois. In addition, Chicago is the only city in the state which provides matching funds for construction of major federal-aid highways.

The recent affirmative vote on the formation of the Chicago Urban Transportation District is further evidence that the people of the City of Chicago are both willing and anxious to continue their record of participation in the construction and capital improvements needed for a comprehensive mass transit system. However, no justification can be found for a further go-it-alone basis or premise that the operating expenses or fare box deficiencies be subsidized by cities which themselves must look to state and federal sources to finance the local governmental functions of police, fire, health and sanitation. No argument can prevail which denies the inequity of Chicagoans paying the bill for that which directly serves 31 suburbs and significantly enhances the entire metropolitan region. No timetable short of immediate relief by a State subsidy can alter the plight of the CTA users who will now and into the future pay the penalty imposed by Senator Arrington and the Republican caucus—a penalty set not by "action" of the Legislature but by "inaction"; now, therefore,

Be It Resolved, That the City Council of the City of Chicago, in special meeting assembled this day, July 9, 1970, does hereby urgently request the Governor of the State of Illinois to call together the legislative leaders of both parties for the purpose of formulating a program to provide a meaningful and workable State subsidy for mass transportation in the State of Illinois and as a result thereof, to call a Special Session of the General Assembly for the singular and exclusive purpose of passing such legislation so that this State may join the honor roll of those States which have already measured up to their responsibility in providing aid for mass transportation; and

Be It Further Resolved, That the measure of State aid for utilization by the CTA be of a magnitude which will not only permit the elimination of the recent fare increase, but will permit the further reduction of the base fare to a level which would attract the broadest range of additional riders.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution.

Alderman Simon presented a substitute proposed ordinance for the foregoing proposed resolution.

On motion of Alderman Keane said substitute proposed ordinance was *Referred to the Committee on Finance.*

The question thereupon being put, on the Suspension of the Rules to permit immediate consideration of and action upon said proposed resolution, the motion *Prevailed,* and said proposed resolution was *Adopted,* by yeas and nays as follows:

WHEREAS, They have demonstrated their ability to maintain great family traditions and have presented this city with many fine spiritual and civic leaders; now, therefore,

Be It Resolved, That the Mayor and members of the City Council do hereby extend to Chicago citizens of Croatian descent the well wishes of the entire citizenry as the Feast of Assumption is observed with a special ceremony on this Holy Day, and further, because of this special observance by the Croatian citizens of our city, urge that August 15, 1970, be also recognized as Croatian American Day in honor of these outstanding Chicagoans of Croatian descent.

Tribute Paid to Late Sgt. James L. Severin and Late Ptlm. Anthony N. Rizzato.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His Infinite Wisdom, has called to their eternal reward on July 17, 1970, Police Sergeant James L. Severin and Patrolman Anthony N. Rizzato, who were tragically and brutally shot to death by senseless and vicious sniper fire; and

WHEREAS, Sergeant Severin attended Our Lady of Victory School; he was a graduate of Carl Schurz High School; he attended Wright Jr. College and Chicago Teachers College. He was honorably discharged from the U. S. Army in September 1954, having achieved the rank of Corporal. He began his service with the Chicago Police Department on July 1, 1957. During his period of service he received one letter of commendation; and

WHEREAS, Patrolman Anthony Rizzato attended Shepard School and was a graduate of Manley Technical Vocational High School. He was honorably discharged from the U. S. Army in April 1953, having achieved the rank of Corporal. He began his service with the Chicago Police Department on September 19, 1966; and

WHEREAS, Sergeant Severin and Patrolman Rizzato were on assignment in the Cabrini-Green Homes "walk and talk" detail on Friday July 17, 1970, an assignment designed to improve community-police relations, and one for which they had each volunteered. Both Sergeant Severin and Patrolman Rizzato were known as gentle men, uniquely suited for their assignment because they were friendly outgoing men who liked people and had a genuine interest in their social and personal problems. Their job was to work and play among the residents of the community to establish and improve the kind

of relationships between the community and the Police which would serve the welfare of every member of the community; and

WHEREAS, Sergeant Severin and Patrolman Rizzato in the peaceful pursuit of their assigned duties were ruthlessly and brutally shot and killed by senseless and vicious sniper-fire, while crossing an open field in front of the Cabrini-Green Homes; and

WHEREAS, Sergeant Severin and Patrolman Rizzato exemplify the highest and best tradition of the men who serve the public in the enforcement of the law, in this instance men whose sole purpose was to develop understanding and assist residents of the community in the solution of their daily problems. Once again all of Chicago's citizens mourn with heavy heart the loss of men whose sole duty, paradoxically, was to express concern for and assist in the fulfillment of human life; and

WHEREAS, Sergeant Severin and Patrolman Rizzato represent heroic examples of all policemen who choose their careers with full knowledge that their service might at any moment demand the supreme sacrifice; it is imperative that the citizens of Chicago express their concern in meaningful and constructive ways to insure that such senseless and vicious acts of wanton killing do not re-occur and that the loss of life under such circumstances is something no police officer need fear in the future; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 10th day of August, A. D. 1970, together with all the people of the City of Chicago, by this resolution, hereby express profound sorrow and regret upon the death of Police Sergeant James L. Severin and Patrolman Anthony N. Rizzato, and further express their condolences to their families; and

Be It Further Resolved, That as a mark of respect to their memories, this Resolution be spread upon the permanent Record of Proceedings of the City Council of the City of Chicago, and that a suitable copy thereof be presented to Mrs. Catherine Severin, mother of Sergeant James L. Severin and to Mrs. Rosarina Rizzato, widow of Patrolman Anthony N. Rizzato.

WHEREAS, Mr. Ruddell was a graduate of the University of Illinois where he was awarded a Bachelor of Science Degree and subsequently a Master's Degree in Sociology. He had served as superintendent of the Illinois State Training School for Boys near St. Charles and as head of correctional services for the Illinois Youth Commission immediately prior to assuming the post of Superintendent of the Bridewell; at the time of his death he was working as a consultant for the John Howard Association, a prison welfare group; and

WHEREAS, Mr. Ruddell was a man who was dedicated to the highest standards of service in the institutions which he headed, his entire education and experience was in the field of sociology and penology; and

WHEREAS, Knowing that words can do little to lessen the grief which follows the loss of a loved one, it is hoped that understanding sympathy may in some measure ease the sorrow visited upon the Ruddell family; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 10th day of August, 1970, do hereby publicly express their sorrow at the passing of C. William Ruddell, and extend to his wife Phyllis and to his family their sincere sympathy; and

Congratulations Extended International Special Olympics for Mentally Retarded Children.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, August 13-14-15, 1970 will once again prove to the world that Chicago is truly the City with a big heart by proposing, sponsoring and making possible the International Special Olympics for the mentally retarded children, to be held at Soldier Field, and which will bring to our City thousands of competitors from all over America and some foreign lands, who in the past were the forgotten and foresaken children of the world; and

WHEREAS, The true realization of recreational needs has proved to be a tremendous outlet for the mentally-handicapped; and

WHEREAS, In 1968, the first such Olympic competition was begun in Chicago under the auspices of the Chicago Park District, and was made possible in no little part through the dedicated efforts of Mrs. Ann Burke, the wife of one of our colleagues, who conceived the idea and aided in attracting national recognition through the outstanding support of well-known personalities—one of our astronauts—the press media, and many others; and

WHEREAS, This demonstration was so successful that it attracted the attention and support of the Kennedy Foundation, who now has assumed much of the responsibility for the success of this event, together with thousands of Chicagoans from all walks of life; now, therefore,

Be It Resolved, That the Mayor and the members of the City Council of the City of Chicago hereby call for a warm welcome to the many participants who will be the guests of numerous charitable and service organizations, express our appreciation to the Chicago Park District and to Mrs. Ann Burke for having made possible the Special Olympics which mean so much to so many disadvantaged children, their parents and relatives; and, further, that we extend our appreciation for the many hours

devoted by the dedicated individuals who are giving freely of their time to make the Special Olympics the success that it is bound to be.

10. (a) This lease may be terminated upon ninety days' notice in writing to the Lessor should the Post Office Department shall decide to move the office into a Government-owned building which shall become available to it.

(b) This lease may be terminated upon ninety days' notice in writing to the Lessor whenever, in the judgment of the Post Office Department, the space of the office at that office renders additional rental unwarranted and the Lessor is unable or unwilling to furnish suitable and sufficient additional space at an additional rental satisfactory to the Department.

(c) If any building or any part of it on the leased property becomes unfit for use for the purposes leased, the lessor shall put the same in a satisfactory condition, as determined by the Post Office Department, for the purposes leased. Unfitness for use does not include subsequent unsuitability arising from such matters as design, size or location of the building.

(d) If conditions should occur which would otherwise give the Government the right to cancel this lease or to incur a cost for which it could obtain reimbursement under this lease, the Government shall not have said rights unless it gives:

(1) written notice of said occurrence by certified or registered mail to the mortgagee and the assignee of moneys due or to become due under this lease whose names and addresses are furnished to the Government by Lessor.

(2) said mortgagee and assignee not less than 45 days' opportunity to cure the default by the Lessor and the condition or conditions giving rise to said cancellation or reimbursement rights. Additional time may also be granted the above parties at the discretion of the Government. The curative period set out in this paragraph does not control or govern the curative period which has been or may be determined upon as proper in connection with any equal opportunity clauses, herein.

11. No member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this lease or to any benefit to arise therefrom. Nothing, however, herein contained shall be construed to extend to any incorporated company, if the lease be for the general benefit of such corporation or company.

12. (The following clause is applicable unless this contract is exempt under the rules and regulations of the Secretary of Labor issued pursuant to Executive Order No. 11246, dated September 24, 1965 (30 F.R.12319)).

During the performance of this contract, the contractor agrees as follows:

(a) The contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(b) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

(c) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(d) The contractor will comply with all provisions of Executive Order No. 11246 of Sept. 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(e) The contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

POD Form 1449 May 1966

In accordance with provisions of Executive Order 11375 dated 10-13-67 the phrase "race, color, religion, sex or national origin" is substituted for "race, creed, color, or national origin" wherever it appears in the Equal Opportunity Clause.

(f) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of Sept. 24, 1965, and such other sanctions may be imposed and remedies involved as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(g) The contractor will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of Sept. 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance: *Provided, however,* That in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

13. (The following clause is applicable when the leased space is in a building occupied by tenants or concessionaires in addition to the Government and if the total rental under this lease exceeds $10,000 per year, or, at the sole election of the Government, if the total rental under this lease combined with the total rental under all other Federal Government leases of space in the building which the space covered by this lease is located exceeds $10,000 per year, the lessor agrees to comply with the following provision:)

(a) As used in this section, the term "facility" means stores, shops, restaurants, cafeterias, rest-rooms, and any other facility of a public nature in the building in which the space covered by this lease is located.

(b) The lessor agrees that he will not discriminate by segregation or otherwise against any person or persons because of race, creed, color, or national origin in furnishing, or by refusing to furnish to such person or persons the use of any facility, including any and all services, privileges, accomodations, and activities provided thereby.

(c) It is agreed that the lessor's noncompliance with the provisions of this section shall constitute a material breach of this lease. In the event of such noncompliance, the Government may take appropriate action to enforce compliance, may terminate this lease, or may pursue such other remedies as may be provided by law. In the event of termination, the lessor shall be liable for all excess costs of the Government in acquiring substitute space, including but not limited to the cost of moving to such space.

(d) The lessor agrees to include, or to require the inclusion of, the foregoing provisions of this section (with the terms "lessor" and "lease" appropriately modified) in every agreement or concession pursuant to which any person other than the lessor operates or has the right to operate any facility. The lessor also agrees that it will take such action with respect to any such agreement as the Department may direct as a means of enforcing this section, including but not limited to termination of the agreement or concession.
